Dr. Thomas E. Bond, Jr.

### TRUSTEES.

Rob't G. Armstrong, Esq.  
Joshua Royston, "  
James F. Purvis, "  
James M. Lester, "  
George C. Addison, "  
John Brannan, "  
Joshua Dryden, "  
John Hurst, "  
N. C. Brooks, *ex officio*.

This Seminary of learning, instituted for the liberal education of Young Ladies, was created a College proper by the Legislature of Maryland, December session, 1849, with authority to confer degrees, and endowed with all the rights and privileges of the most favored female institutions.

There are two departments in the Institution—the COLLEGIATE DEPARTMENT and the PREPARATORY DEPARTMENT, with their appropriate branches of learning. The course of study in each is three years, designated by as many different classes.

### COURSE OF INSTRUCTION.

The course of instruction is intended to develop the intellectual, social and moral faculties; and by imparting a thorough, practical, accomplished and christian education, fit the pupil for the faithful discharge of the responsible duties that await her in life.

Great pains will be taken to promote intellectual advancement, by rendering the acquisition of knowledge pleasant, and by training the pupil to correct habits of thought and reflection.

The proper exercise of the social feelings will be encouraged by inculcating whatever belongs to refined manners and dignified courtesy in our intercourse with others; while reading, recitations and expositions from the Bible, will familiarize the mind with the truths of our holy religion, and imbue the heart with right principles of action, and rules for the government of life.

The accommodations for boarders have recently been increased by the erection of an additional story on the main edifice, and a new building, 60 feet long and five stories high, with chemical hall, painting and reading rooms, bath rooms, &c.

The Institution takes rank with our oldest and best Seminaries, and enjoys a liberal patronage from the city of Baltimore, and from the Middle, Southern and Western States.

### FACULTY OF INSTRUCTION.

N. C. Brooks, A. M., *President; Professor of Moral Philosophy and Ancient Languages.*  
Rev. John A. Munroe, A. M., *Professor of Theoretical Mathematics and Astronomy.*  
Charles F. Himes, A. M., *Professor of Practical Mathematics and Natural Science.*  
Rev. William R. Monroe, M. D., *Professor of Chemistry.*  
Mrs. Rachel Harris, *Preceptress; Professor of English Branches and History.*  
Miss Harriet A. Gere, *Belles-Lettres and Pysiology.*  
Miss Ella Cecilia Brads, *Belles-Lettres, &c.*  
Miss ———, *English Branches.*  
Madame ———, *Resident Professor of the French Language.*  
Rev. Dr. A. Guinzburg, *Professor of the German Language.*  
Mons. Emile Kett, *Professor of Drawing and Painting.*  
Mons. J. Schaffer, *Professor of Instrumental Music.*  
Miss Ellen O. Gobright, *Piano and Singing.*  
Mrs. Elizabeth A. Keert, *Guitar and Harp.*  
Mrs. Eliza Cairns, *Matron.*

### EXPENSES.

Board per Annual Session, \$160. Tuition from \$40 to \$50 per annum. Music, Painting and Modern Languages, extra charge.

For Circulars, containing full information, address at No. 53 St. Paul Street.

N. C. BROOKS, President.

Manufacturer of the above named articles, who invites the traveling community in want of good articles to give him a call, as he takes great pains in manufacturing Trunks, &c., exclusively. He is confident you can purchase a better article for less money than elsewhere, and will prove the fact by your giving him a liberal share of your patronage.

N. B.—Trunks covered and repaired.

Below you will find reports of the Judges on Trunks, at the Maryland Institute Fairs, for which he received the highest premiums:

1857.—The Traveling Trunks exhibited are generally specimens of good workmanship, requiring close inspection to decide as to superiority. The Judges finally decided in favor of the Sole Leather Traveling Trunks deposited by J. V. D. VAN NORTWICK.

JESSE HUNT,  
E. W. BRIDING,  
T. G. PEACHEY.

1858.—They award to two Sole Leather Trunks, with corner rollers, made and deposited by J. V. D. VAN NORTWICK. They are gotten up in that gentleman's usual neat and substantial way.

E. W. BRIDING,  
MARK W. JENKINS.

PRESERVE YOUR METAL ROOFS,  
 STOP YOUR LEAKY ROOFS & PROTECT YOUR PROPERTY,  
 BY USING  
**SALTONSTALL'S**  
**WATER & FIRE PROOF, ADHESIVE & ELASTIC**  
**COATING,**  
**FOR ROOFS,**

The Cheapest and most Durable Coating for Metal or Canvas Roofs ever used.

It will effectually resist the action of Sulphuric or any other acids, so destructive to all Metal or Composition Roofs, and is warranted to withstand the Severest Test of the Heat, Cold, or Rain of any climate, and remain perfectly impervious to water. It will not crack by the expansion and contraction of Metals, or from the effects of frost.

It is not affected by the most intense heat from the sun, and water can not penetrate it, even by continual exposure. It entirely prevents oxydization. Metals once coated with it can not absorb moisture, which removes the true cause of corrosion or rust. Water from these Roofs is not injured for drinking or culinary purposes.

Examine and see if your interest will not be promoted by giving it a trial.

INCORPORATED IN 1830---CHARTER PERPETUAL

**JOHN I. DONALDSON, President.**

This Company proposes to insure Lives for one or more years, or for life. With their rates the assured enjoys the benefit of immediate in lieu of a prospective and uncertain bonus. He risks neither his policy nor the premium he has paid.

These premiums may be made payable annually, semi-annually, or quarterly, at option of the assured. The Company grants and buys annuities. Sells endowments for children.

Makes all contracts in which Life or the interest of Money is involved.

SCHIEFERDECKER'S

WATER CUR,

CORNER OF

HOLLINS AND MOUNT STREETS,

OPPOSITE UNION SQUARE,

BALTIMORE,

MARYLAND.

---

The undersigned, an immediate disciple of Priessnitz, has introduced his system in this country and remained true to its purity, from the conviction based upon a most extensive experience, that all admixtures of Drugs, Grahamism, Galvanism, or other isms, are destructive to its success, and his patients are, therefore, treated only upon Hydropathic principles. His establishment is supplied by a copious Spring of the purest and best water in the country.

# GROVER & BAKER'S

CELEBRATED

NOISELESS

FAMILY

## Sewing Machines,

No. 181 BALTIMORE STREET,  
(CARROLL BUILDING,) BALTIMORE.

PRICES, \$50 TO \$125. HEMMERS \$5 EXTRA.

### Reasons why the Grover & Baker Machine is Universally Preferred for Family Sewing.

- 1st.—It is more simple and easily kept in order than any other Machine.
- 2d.—It makes a seam which will not rip or ravel, though every third stitch be cut.
- 3d.—It sews from two ordinary spools, and all trouble of winding thread is avoided, while it can be adapted, at pleasure, by a mere change of spools, to all varieties of work.
- 4th.—The same Machine runs silk, linen thread, and common spool cotton with equal facility.
- 5th.—The seam is as elastic as the most elastic fabric, and is free from all liability to break in washing, ironing, or otherwise.
- 6th.—The stitch made by this Machine is more beautiful than any other made, either by hand or Machine.

From the very flattering manner in which our Machines have been received by the public (resulting in the sale of upwards of THIRTY THOUSAND), we are led to believe that our endeavors to manufacture a RELIABLE machine have been appreciated. We take this opportunity to remark that this policy will be unchanged, and that every Machine sold by us we shall not hesitate to warrant in every respect.

FERDINAND J. S. GORGAS, D. D. S., } Demonstrators of Dental Practice.

SAMUEL T. CHURCH, D. D. S., }

WILLIAM G. SMULL, M. D., Demonstrator of Anatomy.

The Twentieth Annual session will commence on the 3d day of October and close on the 1st of March.

The regular course of Lectures will commence on the 1st of November.

The entire day during October, and the morning of each day during the rest of the session, will be devoted to Practical Dentistry and Anatomical Dissections.

The Infirmary has a large and rapidly increasing supply of patients, affording to the student unsurpassed facilities for the acquirement of a practical knowledge of every Operation in Surgical, Medical and Mechanical Dentistry.

Tickets for the Lectures, \$100. Demonstrators' Tickets, \$20. Matriculation Fee, \$5. Dissection Ticket, (optional) \$10. Diploma Fee, \$30.

FURNISHING GOODS,  
FISHING TACKLE,  
SKIRT REEDS,  
SKELETON SKIRTS,  
CHINA GOODS,  
PATENT MEDICINES, &c. &c.

Having enlarged my place of business, I desire to call the attention of the trade to my present stock, to which will be added for the Fall sales a most attractive and complete assortment in every department of

### Foreign and Domestic Goods.

Prices will be found as low as the market can afford, and on many articles inducements will be offered.

An experience of Twenty-Five Years, and cash payments, warrant me in saying that my facilities are not surpassed by any other house in our line.

Country Merchants will find it their interest to call.

# SUPERIOR PIANO FORTES.

The undersigned, who has for many years past been engaged as teacher of the Piano Forte and Singing in the Ladies' Academy of Mr. Archer, now known as the Patapsco Institute, Ellicott's Mills, has become the

**SOLE AGENT IN MARYLAND**

FOR THE SALE OF

CHICKERING'S

CELEBRATED

# PIANO FORTES.

All descriptions of these splendid instruments are kept constantly on hand, and are sold at prices that will compare with those charged for ordinary Pianos, and as low as they can be obtained for direct from the great establishment of the proprietors at Boston.

It is considered unnecessary to particularize the qualities of these instruments, which have won their way to a position acknowledged by all competent and unbiased judges to be the

**BEST PIANOS IN THE UNITED STATES!**

The testimonials of an hundred Industrial Exhibitions, and the general public patronage, the certificates of a myriad of the leading professors, amateurs and connoisseurs of this and other countries, bear the amplest testimony to their merit.

The following extract from a letter from R. H. Archer, Esq., Principal of Patapsco Female Institute, in regard to these celebrated instruments, we append hereto as corroborative of their great value as above stated:

"I find the Chickering instrument preferable to any I have used in point of tone, finish and durability. Our professors decide in favor of them, and we shall use them altogether; but it is needless for me to say this much, as your experience as teacher for so many years and your judgment in favor of the instrument should be sufficient."

**I. T. STODDARD,**

No. 4 S. Calvert Street, Walker Building,

**BALTIMORE.**

A SUPERIOR QUALITY OF

# S O A P

Which possesses extraordinary cleansing properties; it is manufactured by a new and simple process known only to himself. Having had more than twenty-five years' experience in his profession, he conceived the idea of simplifying the process of Soap-making; and after more than eighteen months' assiduous application in study, labor and experiment, has succeeded in producing an article which will

## RIVAL IN QUALITY AND PRICE ALL OTHER SOAP.

He has already received many testimonials, commending its superior excellence. The process of manufacturing this soap can be learned in less than a week; instructions will be given, and rights to manufacture and sell disposed of to persons on application to the advertiser. The cost of fixtures for a manufactory need not exceed two hundred dollars; with this expenditure in fixtures, an industrious operator can manufacture from twelve to fifteen hundred pounds of Soap per day, with the aid of a boy. Almost any building is suitable for a manufactory, as the fixtures are portable, and do not require to be set in brick-work. For further particulars address—

## MOSES HYDE,

No. 210 East Monument Street,  
NEAR ASHLAND SQUARE.

**I. M. SINGER & CO'S**  
**IMPROVED**  
**Sewing Machines,**

**FOR MANUFACTURING AND FAMILY USE,**  
**159 BALTIMORE STREET,**  
**BALTIMORE.**

---

We take a pride in referring to the entire Clothing trade of the United States, to the numerous Planters and Families who are using our Machines, as the proof of their superiority. Thousands are in operation in every section.

HEMMING GUAGES of all widths, and BINDING GUAGES for every purpose, are adjusted to our Machines.

Agencies in all the principal cities and towns.

Send for a copy of I. M. Singer & Co's GAZETTE, a paper devoted to the Sewing Machine interest, containing all information.

**W. E. BRODERICK, Agent.**

**JAMES H. JOHNSON,**  
 MANUFACTURER OF  
 Warren's Improved Fire and Water Proof  
**Felt and Composition Roofing,**  
 Corner of North and Baltimore Streets.

Extract from the Official Report of Councillor J. R. BRONSDON, appointed by the Corporation of Montreal to examine Warren's Improved Fire and Water Proof Composition Roofing.

To the Mayor, Aldermen and Citizens of the City of Montreal:

GENTLEMEN:—Visiting Buffalo on the 23d ult., to examine the buildings there covered with Warren's Composition, and to judge of its efficacy to resist the action of fire, I was introduced to the Hon. George C. Babcock, L. H. Lathrop, Esq., Ald. A. McKay, R. F. Miller, Esq., W. Johnson, Esq., W. Hutchinson, Esq., Collector of Customs, and a great many more of the principal and most influential inhabitants of the city, who testified in the strongest and most favorable terms of the fire-resisting qualities of the Composition, and recommended its general introduction as a safe means of covering buildings, it being both fire-proof and water-tight. I personally examined a great number of first class buildings in Buffalo, covered with the Composition, graveled over, and I ascertained that the best houses and stores in the city were covered with it. From all I saw and heard, I am of opinion that it is the safest and best kind of covering that could be used for buildings. For the proper application of it, the roofs should be nearly flat. This is attended with no inconvenience, either in summer or winter, for the rain in the former cannot penetrate the roof, as the Composition is water-proof, and in winter the snow is nearly all blown off by the wind. A great advantage of this kind of roof is, that in the event of fire, by going on top of them with the Engine hose, the firemen may protect all adjacent and surrounding property, without the danger of falling.

The whole, nevertheless, respectfully submitted,  
 Montreal, September 13, 1852.

J. R. BRONSDON,  
 City Councillor.

**Great Fire Test on the Battery, New York.**

OFFICE CHIEF ENGINEER FIRE DEPARTMENT, NEW YORK, MAY 20, 1856.

Having on the 25th of April witnessed the burning of a building on the Battery, covered with "Warren's Improved Fire and Water-proof Felt and Composition Roofing," for the inspection of the City Government, Insurance Companies, &c., I take pleasure in stating that the Building, with the exception of the Roof, was entirely destroyed. The Roof fell to the ground, to all appearances uninjured. I am confident that *no other Roofing material* could have stood a greater test.

I also examined the Roof after the destruction of the Chemical Works, at Hunter's Point, and found that although all the wood work or other inflammable material was consumed, yet a large portion of the Roof was nearly perfect. In a word, I consider these Roofs manufactured by James H. Johnson, *fire proof*.

ALFRED CARSON, Chief Engineer.

**Great Fire Test at Charleston, S. C.**

CHARLESTON, S. C., 22d JANUARY, 1857.

Having witnessed the burning of a building this morning, erected on the grounds adjoining the North Eastern Railroad Company's Depot, covered with "Warren's Improved Fire and Water-proof Felt and Composition Roofing," for the inspection of the City Government, Insurance Companies, &c., I take pleasure in stating that the building, *with the exception of the Roof, was entirely consumed*. The Roof fell to the ground in a solid body, and to all appearance UNINJURED. I am confident that no other Roofing material could have stood a greater test.

G. A. BOWMAN, CHIEF FIRE DEPARTMENT,  
 Charleston, South Carolina.

**JOHN W. TORSCH,**

**Designer & Engraver**

**ON WOOD,**

**NO. 117 BALTIMORE STREET,**

**OFFICE, No. 5, UP STAIRS,**

**BALTIMORE.**

All kinds of Book Illustrations, Landscapes, Portraits, Animals, Views of Buildings, Machinery, Newspaper Heads, Title Pages, Bill Heads, Show Bills, Societies' Seals, Colored Labels, Envelop and Tobacco Stamps, executed in the highest Style of the Art. Publishers, Authors and Printers, who may entrust their orders to J. W. T., can rely upon their work being executed in a manner entirely satisfactory.

His long experience in New York, Boston and Philadelphia Establishments has imparted to him facilities not possessed by any similar Artist in Baltimore, and it is with the utmost confidence that he invites the public to an examination of his specimens.
