WRIGHT'S QUICK DRYING OIL.

Will dry paint or varnish **HARD** in all seasons in a short time. The small quantity necessary enables the artisan to retain any tint with the certainty that it will not curdle the paint or varnish, or cause them to crack, blister, or shell: its free flowing and durable qualities, brown color, strong body, and lasting gloss, with twenty-seven years' sale, warrant the assertion

THAT IT EXCELS ALL OTHERS.

We challenge comparison—as it will give more satisfaction, and dry more paint or varnish *for the money* than any other. We guarantee it to dry paint or varnish **HARD** under water and on a greasy surface.

As many persons reduce the strength of and mix the oil with other articles, and sell such imitations under our name, we invite consumers to call and obtain samples of the *genuine*, with a circular of reliable references.

For sale by **DRUG AND PAINT DEALERS,**

AND BY

~~NEW JAPAN FACTORY,~~

BELOW ITS JUNCTION WITH GERMANTOWN ROAD.

This Japan will dry two coats of paint "under water" in one day; it will flow free and dry hard, with a lasting gloss, in less time, and with less quantity, than any other Dryer. Its light color and the small amount necessary to dry large quantities of paint, enable the painter to preserve the most delicate tint, with a positive knowledge that it will not crack or blister his work.

These mills are so constructed to be used by the lumber manufacturer, as well as the mechanic in the shop; and having many advantages over other mills in the small amount of power required to drive them, and making all the work with a superior finish; by having it smooth, you can always use a saw much thinner than in the ordinary duty saw-mills. MISCELLANEOUS READING,

full and accurate special reports of all LOCAL INTELLIGENCE transpiring up to the hour of going to press, ALL IMPORTANT NEWS received each day by mail, with accurate TELEGRAPHIC REPORTS OF THE LATEST NEWS FROM ALL PARTS OF THE WORLD, including full and reliable reports of

CONGRESS AND THE STATE LEGISLATURE

One of its most valuable features to the Farmer, Dealer, and Man of Business, is the

Daily Telegraph Reports of the Markets

in New York, Philadelphia, Baltimore, and other cities, including the

STOCK AND TOBACCO MARKETS,

which appear in THE EXPRESS one day in advance of the morning papers. THE EVENING EXPRESS was the first paper in Lancaster to telegraph these reports, at a heavy annual expense, which are alone worth more than the price of the paper, to those interested in the Markets and all late news.

TERMS OF THE DAILY.

One Copy, one year,	\$3 00
One Copy, eight months,	2 00
One Copy, four months,	1 00

 In all the principal villages of the county, connected with Lancaster by daily stage or railroad communication, the DAILY EXPRESS is served to subscribers by local carriers the same evening it is printed, at one cent a copy, or six cents a week.

A TWO-DOLLAR PAPER FOR A DOLLAR AND A HALF! The Weekly Evening Express

Is published every Saturday, with plain type on good paper, each number containing *twenty-eight large columns*, embracing the choice Selections, Editorials, Locals, and General News, together with the latest Telegraph Reports received for the Daily up to Friday evening — the REPORTS OF THE MARKETS, being thus *one day later* than those published by any other weekly in the city.

One Copy, one year,	1 50
One Copy, sixteen months,	2 00

The publishers confidently challenge a comparison of the Daily and Weekly express with any other local paper published anywhere at the same rates, and they will ask no one to continue his subscription unless he is satisfied that he receives a full equivalent for his money.

The Pennsylvania Inquirer,

Published at Philadelphia, Daily and Tri-Weekly, at \$5 per annum Daily, and \$5 per annum Tri-Weekly.

The Proprietors of the PENNSYLVANIA INQUIRER desire to call the attention of the public generally to their publication, which has been published for over thirty years, with a success enabling them to add improvement to improvement, until it now stands Unrivalled in Popularity as a high-toned Family, Political, and Business Newspaper, suited alike to the Merchant's Counting-Room and the Family Fireside.

It contains in each number FORTY COLUMNS of matter, printed in clear, distinct type, and on good white paper. To give a summary of its contents would be almost impossible, its broad and ample columns rendering it unnecessary to limit them merely to News and Politics, but, on the contrary, giving room to lay before its readers articles on not only the topics usually to be found in newspapers, but also contributions from some of the ablest pens in the country, on Literary, Scientific, and Miscellaneous subjects, thus rendering the INQUIRER not only a valuable compendium of the current news of the day, but also a receptacle of the best literature of both America and Europe.

The INQUIRER has regular correspondents in New York, Washington, and Harrisburg, who keep its readers advised on all subjects of interest, including the proceedings of the National and State Legislatures. It also contains, from time to time, Letters from the principal cities in the Union, as well as from the Old World.

The Magnetic Telegraph enables it to give news from all quarters of the United States up to the very moment of going to press, as well as the Foreign Intelligence by the Boston and New York steamers.

Its corps of City Reporters furnish regularly full accounts of every event of note transpiring in the neighborhood of Philadelphia, as well as the proceedings of the Courts, Legal Decisions, Trials by Jury, &c. &c.

Its Commercial and Market Reports are full and simple—giving twice a week a correct review of the City, with the state of the Market, Prices of the different articles of Commerce, especially Flour, Grain, Coal, and Iron.

As a medium for advertising it is unsurpassed, while its advertising terms render it one of the cheapest in the Union.

Specimen copies will be sent by mail when requested.

ELLIPTIC BED SPRING CO.

IN CONSEQUENCE OF THE UNPRECEDENTED DEMAND

FOR

HOWE'S PATENT

Elliptic Spring Bed and Berth Bottoms,

AND HIS

UNRIVALLED INVALID'S BED,

THE COMPANY HAVE REMOVED THEIR OFFICE TO THE COMMODIOUS STORE

No. 378 BROADWAY, Cor. of WHITE STREET,

Where, with increased facilities, they will endeavor hereafter to meet the demand.

It is universally conceded after a thorough trial by over FIFTY THOUSAND prominent and reliable citizens in every section of the Union, that the Elliptic Spring Bed is one of the most

COMFORTABLE, DURABLE, SIMPLE, & ECONOMICAL

inventions of the age, and that it must supersede all other devices known for a truly luxurious and economical bed.

One light ordinary mattress only, is required upon them, so that in fact the bed costs less *with* than *without* the Springs.

They are applicable to any description of bedsteads, and may be taken apart or put together in five minutes. They are neat, light, and portable—and occupying but little space when packed, are readily, safely and cheaply transported to any section of the country.

They will sustain 2,000 pounds weight without injury, and will at the same time yield to the slightest form.

They are made of the best *English Cast Steel*, highly tempered, and will last a lifetime—while it is well known that the *Iron Wire Spring* (of which all others are made,) is utterly useless after a short time.

They afford no harbor for vermin, and make no more noise than a feather bed. And finally, they afford, with the least bedding, the most luxurious couch in existence.

Knowing these facts, and in order to meet the wants of *the million* as well as the *luxurious and the few*, and confident that a small individual profit will result in the largest aggregate, we have determined to retail the Springs at our Store hereafter at the extreme low price of

SIX DOLLARS PER SET.

In view of the saving in bedding, the durability, the simplicity, and comfort of this invention, it will be readily seen that every House-keeper, Hotel-keeper, Private and Public Institution, &c., &c., must of necessity adopt it.

Parties who can do so, will please personally examine the Springs. Orders promptly answered from any section of the country. Circulars descriptive of the invention, with testimonials from prominent parties throughout the United States, sent to any one desiring them on receipt of stamp. Address

ELLIPTIC BED SPRING COMPANY,

TARRANT'S

EFFERVESCENT

SELTZER APERIENT.

This valuable and popular Medicine, prepared in conformity with the analysis of the water of the celebrated Seltzer Spring in Germany, in a most convenient and portable form, has universally received the most favorable recommendations of the Medical profession and a discerning public, as the

MOST EFFICIENT AND AGREEABLE

Saline Aperient

in use, and as being entitled to special preference over the many Mineral Spring waters, Seidlitz Powders, and other similar articles, both from its compactness and greater efficacy. It may be used with the best effect in all

BILIOUS AND FEBRILE DISEASES, SICK HEADACHE, LOSS OF APPETITE, INDIGESTION, AND ALL SIMILAR COMPLAINTS, PECULIARLY INCIDENT TO THE

SPRING AND SUMMER SEASONS.

It is particularly adapted to the wants of Travellers by Sea and Land, Residents in Hot Climates, Persons of Sedentary Habits, Invalids, and Convalescents. Captains of Vessels and Planters will find it a valuable addition to their Medicine Chests. With those who have used it, it has high favor, and is deemed indispensable.

IN A TORPID STATE OF THE LIVER—It renders great service in restoring healthy action.

IN GOUT AND RHEUMATISM—It gives the best satisfaction, allaying all inflammatory symptoms, and in many cases effectually curing those afflicted.

ITS SUCCESS IN CASES OF GRAVEL, INDIGESTION, HEARTBURN, AND COSTIVENESS—Proves it to be a Medicine of the greatest utility.

ACIDITY OF THE STOMACH, AND THE DISTRESSING SICKNESS SO USUAL DURING PREGNANCY—Yield speedily, and with marked success, under its healthful influence.

IT AFFORDS THE GREATEST RELIEF TO THOSE AFFLICTED WITH OR SUBJECT TO THE PILES—Acting gently on the bowels, neutralizing all irritating secretions, and thereby removing all inflammatory tendencies.

IN FACT, IT IS INVALUABLE IN ALL CASES WHERE A GENTLE APERIENT OR PURGATIVE IS REQUIRED.

It is in the form of a Powder, carefully put up in bottles, to keep in any climate, and merely requires water poured upon it to produce a delightful effervescent beverage.

Taken in the morning, it never interferes with the avocations of the day, acting gently on the system, restoring the digestive powers, exciting a healthy and vigorous tone of the stomach, and creating an elasticity of mind and flow of spirits which give zest to every enjoyment. It also enables the invalid to enjoy many luxuries with impunity, from which he must otherwise be debarred, and without which life is irksome and distressing.

Numerous testimonials from professional and other gentlemen of the highest standing throughout the country, and its steadily increasing popularity for a series of years, strongly guarantee its efficacy and valuable character, and commend it to the favorable notice of an intelligent public.
