PREFACE.

It has been the aim of the publishers of this **DIRECTORY** to place before the citizens of this city, and the stranger who visits it, a work of important and practical usefulness. The necessity of an accurate business Directory is apparent to all. In all cities approaching the size and importance of Mobile, a work of this kind is found in the Counting-House of the Merchant and in the office of every business man. To have within your reach a guide to the residences of all heads of families, and to the offices and places of business of all our business men, is an important auxiliary in all active pursuits of life in a city. The Directory places before you information which otherwise would take much time and trouble to obtain, in comparison to which the price it is offered at is merely nominal. It has now been three years since a Directory was issued in our city, during which time the changes in population and residences have been many and various. We have spared neither expense nor trouble in gathering and arranging in alphabetical order the names of our citizens, with the proper location of their residences and places of business, together with a great variety of useful statistical matter. It will be observed that we have not confined ourselves to the usual form of our predecessors, but have entered new fields for information, and introduced statistical matter extending to every branch and auxiliary of our commercial and business relations, and answering as a convenient and full substitute for the many circulars, cards and notices constantly required for daily reference in the counting-room, and thereby greatly enhancing the value of the work.

Few are aware of the difficulties to be encountered in the preparation of a Directory. Those difficulties have been increased this year by the presence of the epidemic, and the deferred return of many of our citizens. Much pains have been taken, and every exertion used to make the contents entirely accurate and reliable. We have, however, met with some persons who have declined giving their names, or any information as to themselves or their families. As to such, we have had to seek information from

others, or omit them entirely. We have likewise experienced difficulty in getting in all cases the proper numbers of residences, on account of the failure of a great many to put up the *new* numbers recently furnished by the city.

Dauphin street is made the dividing line for numbering the houses on the streets, running north and south; commencing at Dauphin with No. 1, and running north and south with regular numbers to the end of each street, each side being designated by the words *north* and *south*. The streets running east and west are numbered from the River.

From the character and quantity of the matter presented, and the labor and pains expended in collecting and arranging it, we think we hazard nothing in saying that our Directory excels any similar work ever issued in this city. It contains, also, from fifteen hundred to two thousand more names than any heretofore published.

It will be observed that we have inserted quite a variety and number of advertisements, comprising most of the important business houses in the city in their respective branches. In succeeding pages will be found an Index to them, classified and arranged according to character of business, so as to make them easy of reference. Following the Index to Advertisements is an Index to Appendix, containing statistical matter, &c.

To merchants, and other business men, we confidently appeal for patronage and support in this undertaking, and if we receive encouragement commensurate with the labor and expense we have put upon the work, we will issue other editions whenever the increase and changes of our business community require it.

The Circuit Courts of Mississippi have original jurisdiction of all suits and actions for the recovery of money, when the principal of the sum in controversy exceeds Fifty Dollars. There are two terms during each year, in each of the Counties composing the above Districts. The writ must be served five days before the term of the Court to which it is returnable. The defendant may file a plea on or before the third day of the return term of the writ. If a plea is filed, the case is continued until the next term of the Court. If no plea is filed, judgment by default can be taken in all cases where there is personal service of the writ. When a plea is filed, and the case is continued,

judgment will be rendered at the succeeding term of the Court, unless the case is continued for cause. All judgments are a lien upon, and bind all, the property of the defendant, subject to execution, in the County where rendered, from the date of the enrollment; and also, operates as a lien in any other County where enrolled. Execution issues within thirty days after the adjournment of the Court for the term; and, as there is no stay of execution, the money may be collected by the next term of the Court, if any property of the defendant is found. Thus, if judgment is obtained at the return term of the writ, collections can be made in six months; if at the second term, within twelve months.

The Circuit Courts of Alabama have original jurisdiction of all felonies and misdemeanors, and of such actions and suits at law as are not cognizable before Justices—the latter having jurisdiction of suits where the amount in controversy does not exceed fifty dollars—and of actions of forcible entry and detainer. There are two terms during each year, in each of the counties composing the above Districts. The summons must be executed at least three days before Court; if executed as many as twenty days, the cause stand for trial at the first term. If the term is but one week, executions issue within five days thereafter; if two weeks, within ten days thereafter; if three weeks, within fifteen days thereafter; if more than three weeks, within twenty days from the adjournment. An execution is a lien on the lands and personal property of the defendant, only within the county in which it is received by the officer; which lien continues as long as the writ is regularly issued and delivered to the Sheriff without the lapse of a term.

The Judges are elected by the people for the term of six years, with a salary of \$2000.

* The last Legislature passed an act to change the county-seat of this county.

† The duration of the Spring term is 24 days; that of the Fall term unlimited.

‡ The duration of the Spring term is 12 days; that of the Fall term 6 days.

§ The duration of the Spring term is 18 days; that of the Fall term 24 days.

MOBILE COUNTY.

COURTS AND COUNTY OFFICERS.

CITY COURT OF MOBILE.

HON. ALEXANDER MCKINSTRY, *Judge.*

R. B. ARMISTEAD, *Solicitor.*

REUBEN A LEWIS, *Clerk.*

There are four regular terms of this Court held in each year. The first is held on the 2d Monday in October, and is confined exclusively to Criminal cases. The second, third, and fourth terms commence respectively on the 1st Mondays of December, March and June, at each of which the Civil Docket is taken up and continued until the business is disposed of. The Court has the power to order as many special terms for Criminal business as may be necessary. There is also an Admiralty Court twice each month for the disposal of Admiralty business. The Judge is elected by the people for the term of six years. The next election takes place in May, 1861. The Clerk is appointed by the Court for the term of four years.

PROBATE COURT OF MOBILE COUNTY.

HON. JOHN A. HITCHCOCK, *Judge.*

GEO. W. BOND, *Clerk.*

F. G. KIMBALL, *Administrator General.*

This Court is open for the transaction of business every day; its regular terms, however, commence on the 2d Mondays of each month. The county records are kept in this office. The Judge is elected for the term of six years, and the Clerk is appointed by him.

The above rates will be charged for landing, and also for shipping. Goods or country produce discharged from a vessel, barge or flat, lying at a wharf, or in the second or third tier, into another vessel, barge or flat, will be charged one wharfage to the owner of such produce or goods. Also, goods or cotton landed on one wharf and taken from the same wharf into another vessel, barge or flat, will be charged two wharfages: one to the owner or consignee, and one to the shipper.

WHARF REGULATIONS—CONTINUED.

All rubbish, brick, sweepings from vessels, &c. will be removed at the expense of whatsoever vessel, barge or flat, which may have deposited them on the wharves.

All goods other than cotton must be removed on the same day on which they are landed, or they will be liable to an additional wharfage for every day they remain.

No Flats will be permitted to be broken up in the Slips, without leave.

Goods brought on the wharf for sale, to pay the same wharfage as if landed from a vessel.

Goods sold at Auction on a wharf, will be charged an extra wharfage.

Wood landed on wharves, charged 50 cents; on bulk heads, 80 cents per cord, to be removed as soon as landed.

Salt in sacks, 4 cents for the first 48 hours; after that time, 1 cent per day will be charged.

Cotton allowed to be on the wharf 24 hours after landing; after which time, if not removed, another wharfage will be charged for each and every day remaining.

No cotton allowed to be picked on the wharves, on any consideration.

All vessels loading with cotton, will be required to take their cargo on board as fast as it is sent to them, or tier it in such a manner as not to lumber the wharves.

Wharfage on Merchandise shipped up river, must be paid in cash or tickets on the wharf.

Ice—15 per cent. deducted on quantity shipped.

No article, of any kind whatever, put upon a wharf, can remain longer than the Wharfinger consents, and is subject to be removed at the expense of the owner.

December,	31	62	90	121	151	182	212	242	274	304	335	365

Explanation—The months counted from are arranged on the left hand, and those counted to are at the top of the columns. Suppose it were required to know the number of days from the 10th of April to the 10th of November—find April on the left, and pass the eye along the line until you reach the column headed by November, and you will have 214 days. Again, how many days are there from the 6th of June to 18th September! Seek June on the left, and find the column headed by September, along the line to the right, and you will have 92 days, which is only to 6th September—now add 12 days to 92 which will bring it to the 18th and you have the correct number—104 days. Should you, however, only require the number to the 1st September, instead of 18th, you will have to deduct 5 days (the difference between 1st and 6th) from 92 and you have 87 days.

Should the last day of February, in leap year, be included between two dates, a day must be added.

BAIRD'S HOTEL

AND STAGE OFFICE, Demopolis, Ala.

A HACK

will always be in readiness to convey passengers from the
Steamboats free of charge.

Connected with the Hotel is a large CONCERT ROOM,
with Sky-light, for Daguerrean Artists.

Also, a LIVERY STABLE, with Carriages, Hacks, Buggies,
Wagons and Horses *for Hire*. Drivers
experienced and careful.

DROVERS are invited to call. Special attention given to
Stock left at the Stable.

I also call the attention of the TRAVELING PUBLIC to
the Stage facilities from this point: A FOUR-HORSE COACH
leaves the terminus of the Alabama and Mississippi Rivers
Rail Road, at Uniontown, and connects with the Mobile and
Ohio Railroad at Lauderdale Springs, via Springhill, De-
mopolis, Belmont, Bluff Port, Livingston, and continues to
Daleville, Herbert, Union, Hillsborough to Morton, Miss.

There is also a comfortable Two-horse Hack from Greensboro,
connecting at that point with the Stages from Marion and Tuscaloosa,
Ala., and Columbus and Aberdeen, Miss., via Macon, Demopolis,
Springhill, Linden, Shiloh, Choctaw Corner, Grove Hill, Sugsville,
Gainestown to Stockton.

J. W. BAIRD.

Stage Office at the Hotel.
