**GROVER & BAKER'S**

CELEBRATED

# SEWING MACHINES

**FOR FAMILY**

• AND

**PLANTATION USE.**

**OFFICE AND SALES-ROOM,**

**NO. 11 CAMP STREET,**

**NEW ORLEANS.**

**WILLIAM L. CUSHING, Agent.**

From the very flattering manner in which our Machines have been received by the public, resulting in the sale of upwards of

**TWENTY THOUSAND!**

we are led to believe that our endeavors to manufacture a **RELIABLE MACHINE**, have been appreciated. We take this opportunity to remark that this policy will be unchanged, and that every machine sold by us we shall not hesitate to warrant in every respect.

The **GROVER & BAKER MACHINE** is the only one which sews from the original spools without rewinding the thread. All other Machines use a shuttle, or what is more objectionable, a little tin spooler, as in the Sloat, and Wheeler & Wilson Machines; and all thread has to be rewound into them, causing great delay and trouble.

The **GROVER & BAKER MACHINE** finishes its work where it starts, which no other Machine does. There is no occasion to fasten the threads at the end of the seam, as is required by other Machines.

The **GROVER & BAKER** stitch has for its recommendation, superior **STRENGTH, ELASTICITY and BEAUTY.**

The **GROVER & BAKER MACHINES** are the only ones used at the **EXTENSIVE PLANTATION CLOTHING FACTORY OF HEBBARD & CO.,** On Canal street; and the work done on the Machines is pronounced, by planters who have purchased the clothing, to be stronger than any made by hand, and to wear twice as long as any other make.

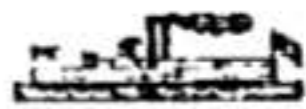

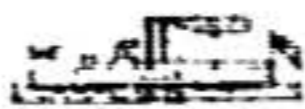

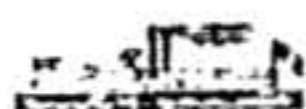

The work done on **GROVER & BAKER'S MACHINES** cannot rip!

These Machines are for sale at No. 11 Camp street, New Orleans.

All orders should be addressed to **WILLIAM L. CUSHING, New Orleans.**

OFFICE, 27 ROYAL STREET, UP STAIRS.

MACKEY & MORRIS,

AGENTS OF JOB BOATS

**OPHELIA & PASCAGOULA,**

Orders for Towage of Rafts, Flat Boats, Steamers, Ships, Barges  
and Schooners,

And all orders left at our Office, No. 27 ROYAL STREET, will receive prompt  
attention; also, all orders for EAR CORN, COAL, STOVES or LUMBER,  
by the Cargo, will be delivered to Plantations above or below the City.

Keep constantly on hand a good supply of *Hoghead and Barrel  
Poles*, from the Western country; and we assure the trade that we do not  
buy Poles cut in the State of Mississippi, brought by the Jackson R. R.

N. B. Persons leaving orders for Steam-Towboats after 4 o'clock, P. M.,  
must leave them at our wharf, City of Jefferson, between Marango and  
Milan streets, four squares above Tchoup Chalas Omnibus Station.

GAS FITTING! GAS FIXTURES!

**TERMS LIBERAL.**

NEW ORLEANS, Dec. 10, 1858.

**GARDNER'S**  
**NEW ORLEANS**  
**DIRECTORY,**

FOR THE YEAR

**1859:**

EMBRACING

THE CITY RECORD, A GENERAL DIRECTORY OF THE CITIZENS,  
AND A BUSINESS AND FIRM DIRECTORY.

COMPILED AND PUBLISHED BY  
**CHARLES GARDNER,**  
NO. 1 COMMERCIAL PLACE.

Entered according to Act of Congress, in the year 1858, by  
CHARLES GARDNER,  
In the Clerk's Office of the District Court, in the Eastern Dis'riet of Louisiana.

NEW ORLEANS:

PRINTED AT THE BULLETIN BOOK AND JOB PRINTING ESTABLISHMENT, 37 GRAVIER STREET,  
1858.

## PREFACE.

THE Tenth Issue of the "NEW ORLEANS DIRECTORY" is now presented to the public.

I have endeavored to bestow that watchfulness and care so much needed in preparing a work of this description, particularly upon this volume, which contains, in addition to the Directory Proper, a very complete "BUSINESS DIRECTORY," besides a vast amount of other important information, as can be seen by referring to the Index.

"GARDNER'S DIRECTORY" is essentially a home publication, and I trust it will be found worthy the patronage of my fellow citizens. My sincere thanks is due to the people of New Orleans for the kind feelings generally manifested towards me during its publication, as well as for the uniform courtesy extended to my canvassers, in giving them the requisite information whilst in the exercise of their very onerous duty.

*Samuel H. [unclear]*

## GERARD STITH

Was born in Virginia in the year 1821. He is the son of Griffin Stith and Mary Dent Alexander. On both sides he is descended from the earliest settlers of the Old Dominion—the Bollings, the Meades, the Fitzhughs and the Randolphs—names familiar in the early struggles of the infant colonies against the tyranny of the mother government, and coupled with every thing that is patriotic and noble in public service, and pure and honorable in private life. But it is not to the merit of a long line of ancestors that Mr. Stith owes his success in life. He is emphatically a self-made man. By the energy of his own character he has overcome obstacles which are fatal to the majority of men—slowly winning the confidence of the public, by his industry and integrity, and the intelligence, impartiality and zeal with which he discharged all trusts devolved upon him. Identified with Louisiana from his boyhood, having been educated in our schools, and grown up under the influences of our social life, his whole career, though born in Virginia, is one of growth, in position and influence, among those who were his associates in youth. The best test of worth is the respect and confidence of a community acquainted with his entire history. In the management, for many years, of the mechanical department of one of the largest printing establishments in the South, he exhibited a system, intelligence and executive ability that furnished some proof of qualities useful in a more public sphere. In this position he secured the confidence of those who knew him best, being almost unanimously chosen as the head of the Printers' Association of the United States, and subsequently being made a representative of different and distant cities in the Conventions of the Craft. In 1853, he was nominated to the State Legislature, and led his party by a large majority. In 1854, he was elected a member of the City Council, and, as an Alderman, took a leading position in that body. His reports and measures, while in office, indicated much independence of character, soundness of judgment and force of reasoning. In 1856, he was elected Recorder of the First District. In the discharge of the duties of this responsible position he won golden opinions. Firm and decisive, yet humane and kind, inflexible and unwavering, yet not austere, he administered justice so as to deter from crime, while he avoided the severity often accompanied with levity, which are frequently witnessed in the Recorders' Courts of large cities. The promptness, energy, independence and integrity exhibited in this public station, directed the attention of the people of New Orleans to him as one possessed of qualities that were needed in the discharge of the responsible duties of the Mayoralty. In 1858, by a handsome majority, he was elected to this honorable and important office. It is, perhaps, too early to judge of the results of his career as Mayor of New Orleans. But the absence of strong partisanship, the improvement made in the organization of the police, the devotion exhibited to public duties, and other measures of importance initiated by his messages, give evidence of a useful and honorable administration.

**MERCHANTS' HOTEL**, cor-  
 ner of St. Charles and Ca-  
 nal streets. The undersigned,  
 who for several years has had  
 the management of the "Ar-  
 cade," informs his friends and  
 acquaintances that he has  
 opened at the above location a  
 Hotel, which is designed to be  
 First Class in every respect.  
 The rooms are large and well  
 ventilated—the Table will be  
 supplied with everything that  
 the market affords. Trusting  
 by merit to deserve support,  
 he respectfully asks a share of  
 the public patronage.

J. DeBAUN.

**RICHARDS NEWTON, Marble and Granite Yard, 147 Customhouse, d. 18 Burgundy.**

**RICHARDS' CAPE LINE—The numerous testimonials of the purity and superior quality of**

the "Cape Lime," for the purposes of Masonry, and particularly for Planters' use in Sugar making, has induced the undersigned, proprietor of the Cape Girardeau Marble Quarries, to extend and adopt such improvements in its production as will enable him promptly to supply the increasing demand, and all orders for this Lime.

All barrels of this Lime will be stamped "Richards' Cape Lime," and of a size equal to the flour barrel or three Winchester struck bushels.

Merchants, Planters and Masons, by addressing the undersigned through their Agents, or the Post Office in this city, with satisfactory references, may have the Lime, fresh from the kilns, delivered at any designated landing on the river, above or in the city of New Orleans.

**WHEELER & FORSTALL, (suc-  
 cessors to Long & Maglone,  
 Manufacturers of Copper, Tin  
 and Sheet Iron Work, 219  
 Tchoupitoulas, 6 Front and 18  
 Fulton, are prepared to exe-  
 cute all orders for Plantation  
 and Steamboat Work, with  
 neatness and dispatch.  
 Manufacturers of Vertical Tubu-**

lar Pans, for making sugar,  
 which have been pronounced  
 by competent judges the best  
 application of heat ever intro-  
 duced.

They keep constantly on hand a  
 supply of Steam Whistles,  
 Brass Cocks, Oil Globes, Globe  
 Valves, Couplings, Copper,  
 Brass and Iron Pumps, of the  
 latest and most approved con-  
 struction.

Also, a large assortment of Office,  
 Parlor and Cooking Stoves,  
 Cooking Ranges, Ships' Ca-  
 booses, Sheet Iron Cooking  
 Stoves, for Steamboats and  
 Hotels. They are the only  
 Manufacturers of the cele-  
 brated "Creole" Cooking  
 Stove, for families, which is  
 far more durable than any  
 other Stove now in use, being  
 made entirely of wrought iron,  
 and a general assortment of  
 Household, Tin, Copper and  
 Hollow Ware, at the lowest  
 prices.

# FOWLER'S UPRIGHT STEAM BOILER

PATENTED, SEPTEMBER 30th, 1856.

The above Boiler is self-cleaning, occupies little room, and is very economical in fuel; they have been practically tested, and are now in successful operation in a number of places, as can be seen by reference to certificates on next page.

FOR FURTHER INFORMATION, INQUIRE OF THE PATENTEE,

**D. H. FOWLER,**

**No. 171 BARONNE STREET.**

# FOWLER'S STEAM BOILER:

Patented Sept. 30, 1856.

SEE WOOD CUT ON PRECEDING PAGE.]

The above Boiler is very economical in fuel, cleans itself, and takes up very little room. The following are a few of the numerous certificates received from parties having them in use:

LEVEE STEAM COTTON PRESS, }  
NEW ORLEANS, MARCH 13, 1857. }

D. H. FOWLER, Esq.:

Dear Sir—We take great pleasure in recommending to all parties using steam, your Patented Boilers. We have two of them in operation now, besides the third one you are constructing for us. We are so fully convinced of their great economy that we have turned out the Boilers we had previously, although they were all nearly new—one set having only been in use eight months.

Your Boilers save us over sixty per cent. of fuel, and we have not the least trouble with them. We can raise steam to one hundred pounds pressure in half an hour in the morning. One of the above Boilers has been in constant use for four months, and has not as yet required cleaning, and it is our impression that it can run at least a year without any cleaning being necessary, as it cleans itself all the time by the use of the blow-off valves once a day.

We are, dear sir, yours truly,  
F. J. FORSTALL,  
H. STREAM, Engineer.

NEW ORLEANS, DECEMBER 5, 1855.

I hereby certify that heretofore we have been using two cylinder Boilers, 22 feet long and 34 inches diameter, to run a 36-inch Tyler Cotton Press, and the consumption of coal was twelve barrels per day. We are now using one of D. H. Fowler's Patent Steam Boilers, which does the work with great efficiency, and only consumes five barrels of coal per day, being a saving of nearly sixty per cent; and I consider it the most economical boiler now in use, and think it to the interest of all parties using steam to adopt it. A call at the Lower Steam Cotton Press, where the Boiler is now in operation, will satisfy those interested in the saving of fuel.  
H. STREAM.

I concur in every respect with Mr. Stream, the engineer of the company, in the statement above written, having measured the quantity of coal used during the operation of the work.

F. J. FORSTALL, Secretary Levee Steam Cotton Press.

NEW ORLEANS, NOVEMBER 20, 1857.

D. H. FOWLER, Esq.:

Dear Sir—Your Patent Upright Boiler, which I have now in use, comes fully up to my expectations. I consider it the most economical Boiler in fuel that has ever come under my observation. It supplies enough steam for two engines and one large Worthington Pump—in all, thirty horse power—and only consumes one cord and a quarter to one cord and a half in twelve hours. We have no trouble with it, and consider it superior in every respect to the ordinary Boilers, of which we have two in the establishment, nearly new, being 22 feet long and 42 inches in diameter, which I will at any time exchange for one of your Patent Upright Boilers. Having had it in use over two months, I can fully recommend it to planters and others using steam.

Very respectfully, your obedient servant,  
[Signed,] ULGER LAUVE,

Agent and Proprietor of Carondelet Refinery and Bi-Sulphite of Lime Works, N. O.

I fully concur in the above statement.

[Signed,] JULES DUVAL,  
General Manager of the Establishment.

[Extract from letter of J. J. HANNA, Esq., Terrebonne.]

I have no difficulty in making as much steam as is needed, and without using much fuel. I had the Boilers filled with cold water, and raised steam up to sixty-five pounds pressure in one hour. The Boilers making steam, come fully up to my expectation.

NEW ORLEANS, NOVEMBER 27, 1857.

Mr. D. H. FOWLER.

Dear Sir:—I have had one of your Patent Boilers in use in my Foundry, for the last five months, and it gives me every satisfaction. Its economy in fuel, self-cleaning properties and the small space it occupies, should recommend it to all parties using steam.

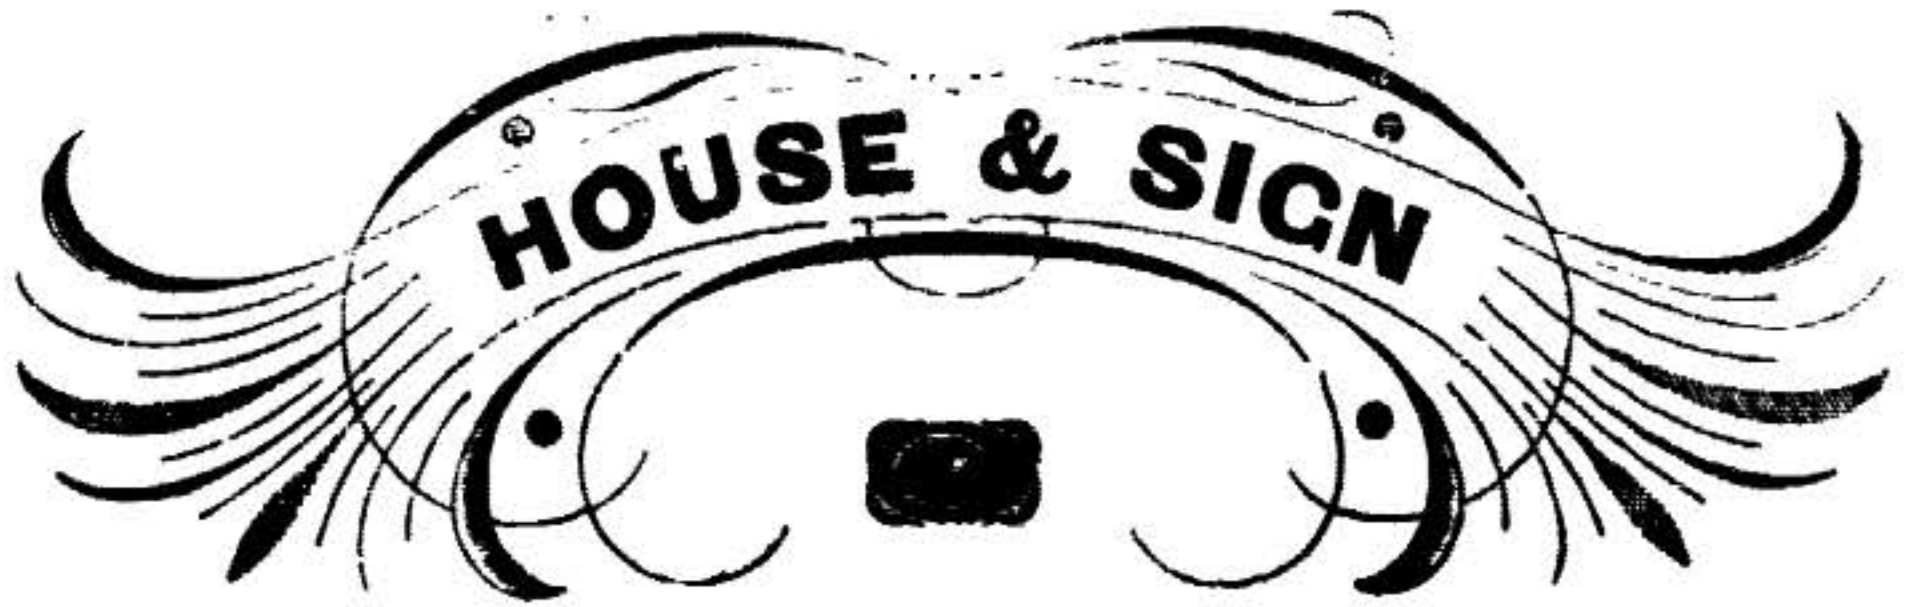

Yours, respectfully,  
[Signed,] LUTHER HOMES.

For further information apply to the patentee,

D. H. FOWLER,  
Boiler Manufacturer, 171 Baronne street.

## RICHARDS'S CAPE LIME.

RICHARDS'S CAPE LIME.

RICHARDS'S CAPE LIME.

The numerous testimonials of the purity and superior quality of the CAPE LIME for the purpose of Masonry, and particularly for planters' use in sugar making, has induced the undersigned, proprietor of the "CAPE GIRARDEAU MARBLE QUARRIES," to extend and adopt such improvements in its production as will enable him promptly to supply the increasing demand, and all orders for this Lime.

All barrels of this Lime will be stamped "RICHARDS'S CAPE LIME," and will be of a size equal to the flour barrel, or three bushels.

Merchants, Planters and Masons, by addressing the undersigned through their Agents, or the Post Office in this city, with satisfactory references, may have the Lime fresh from the Kilns, delivered at any designated landing on the river above, or in the City of New Orleans.

McGowan's Patent Double-Acting Suction and Force Pumps  
AND PUMPING ENGINES,

AND J. BAUMANN & SON'S PLATFORM SCALES.

These Safes have been repeatedly and severely tested by fire; invariably protecting their contents. They have recently superseded the Salamander, in the offices of the Gas Light Co., and the Commercial Bulletin; also, in those of Messrs. W. & C. Letchford & Co., J. B. Murison & Co., Alfred Munroe & Co., S. O. Nelson & Co., R. H. Short & Co., J. L. Phipps & Co., F. W. Coeler, and others in this city.

Also, constantly for sale. CHEAP IRON CHESTS; BANK, SAFE, and STORE LOCKS, of the most approved kinds; SECOND HAND SAFES, ETC.

**HAIR WORK  
MADE  
TO ORDER.**

CAUTION.—The public are cautioned against a species of imposition in the above business, by substituting work imported from the North and Europe, and passing it off as if executed with the Hair furnished by customers, therefore parties should be very careful with whom they trust their Hair.

THE undersigned begs leave to inform the Ladies of New Orleans and the public in general, that he is fully prepared to execute any order in his line, such as *Bracelets, Necklaces, Guard Chains, Vest Chains, Rings, Drops, Crosses, Buttons, Sacks, Earrings, Hearts, Acorns, Snakes, Anchors, Fishes, Books, Birds, Baskets, Horns, Trumpets, Barrels, Pictures; also, Flower Bouquets, Monuments, Landscapes, Letters, Portraits, &c.,* in Locketts, Brooches or Frames.

The undersigned wish particularly to bring to public notice that he has made a new invention, by which HAIR, worked in Flowers, Bouquets, Bracelets, Monuments, etc., never changes its color, as no gum whatever is used, and he has thus succeeded in finding the means by which to preserve the Hair forever in its original state. The Hair of the youngest infant can be worked up by means of this process.

Anxious to secure the patronage of the Ladies and the public in general, he assures them that every effort will be made to satisfy their expectations in regard to neatness, durability and quality: every article of Jewelry guaranteed.

The undersigned possesses the confidence of every family, in regard to his business, and offers below most satisfactory references, acquired during fifteen years' experience in this city.
